

# Riyan Ghouri

I'm a Front-end developer who turns complex ideas into clean, dynamic, and user-focused interfaces. My workflow blends precision with creativity — every component I build is designed for speed, scalability, and visual harmony. I thrive in environments where design meets logic, crafting experiences that feel as good as they look.

## Work Experience

### Frontend Developer, HurTech

April 2024 – Present

- Built and maintained dynamic, responsive dashboards using Next.js, React, and Tailwind CSS.
- Collaborated with backend teams to integrate REST APIs and optimize data-fetching performance by 30%.
- Designed and implemented reusable UI components, improving development efficiency and code consistency.
- Improved Core Web Vitals across multiple pages, enhancing load time and SEO performance.
- Worked closely with design teams to translate Figma mockups into pixel-perfect, production-ready interfaces.

## Projects I want to mention

### Hush – Real-time Chat Application

Next.js, MongoDB, Socket.io, Tailwind CSS

- Built a real-time chat app with private messaging, and online user tracking.
- Integrated Socket.io for instant communication and MongoDB for storing messages and user sessions.
- Designed a clean, responsive UI focused on speed and usability.

### Growth Port – SMM Panel Dashboard

Next.js, Node.js, MongoDB, Tailwind CSS

- Developed a dashboard for managing social media growth services with user authentication and purchase tracking.
- Implemented secure APIs and role-based access control.
- Created interactive components for balance tracking, receipts, and order history.

### VeChain Dashboard – Crypto Wallet Tracker

Next.js, Mongoose, Chart.js, API Integration

- Built a crypto dashboard displaying wallet balances, QR codes, and transaction history.
- Created reusable modals for adding wallets, viewing balances, and tracking notes.

## Educational Background

### BS Computer Science

The Islamia University of Bahawalpur

01/2021 – 02/2024

## Contact

Hasilpur , Punjab , pakistan

## Skills

### Technical Skills

- React.js
- Next.js
- JavaScript (ES6+)
- Node.js
- HTML5
- CSS3
- Tailwind CSS

### Tools

- VS Code
- Git & GitHub
- Figma
- Postman
- Cloudinary
- Vercel / Netlify

### Languages

- English (Fluent)
- Urdu (Fluent)

### Certification

- Certified Frontend Developer (self-taught, project-based mastery)
- Responsive Web Design Certification (freeCodeCamp)

## Additional Information

- Passionate about crafting intuitive, responsive, and visually engaging web experiences.
- Constantly learning and experimenting with emerging frontend technologies.
- Comfortable working in both collaborative team environments and independent roles.
- Interested in UI animation, product design, and user experience research.
